CONSENT TO THE PROCESSING OF PERSONAL DATA

By selecting « **Yes, I confirm** », I hereby give my free, explicit and unequivocal consent to the processing of my personal data for the purposes below ("Purpose") and in accordance with the principles of treatment set out in this note ("Note").

I agree to the purpose envisaged that **TOUTON GHANA** can collect and process these types of personal data including the following data: name, telephone number, e-mail address, gender, date of birth, marital status, level of education, information on my farm, professional experience, information on my household and my family, my standard of living and my social and economic situation. The said purposes relate to the implementation of sustainable development/agricultural programs and projects initiated for the benefit of cocoa farmers and agricultural organizations, the optimization of traceability and sustainability of cocoa production and supply as well as the improvement of yields and livelihoods of cocoa farmers worldwide.

I agree that **TOUTON GHANA** can communicate my personal data to other recipients in Ghana and to the group **TOUTON SA** based in BORDEAUX, partner entities and service providers in Ghana that **TOUTON GHANA** can or could engage in the realization of its purposes. I agree that **TOUTON GHANA** can save and process the personal data collected. **TOUTON GHANA** will ensure that all processing of my personal data is in accordance with the laws applicable to the protection of personal data

TOUTON GHANA shall take technical and organizational measures to ensure the security of my personal data and to protect my personal data against unauthorized or unlawful processing, against loss, destruction or accidental damage. In addition, **TOUTON GHANA** shall restrict access to my personal data to persons and entities with a need to know such data in accordance with the purposes. **TOUTON GHANA** will keep my personal data in accordance with the legal obligations in force and as long as necessary for the purposes for which they were collected.

I recognize and understand that, with regard to my personal data, I have the right: (i) to know what personal data concerning me are processed and to object to the use you make of them; (ii) to request access, rectification and erasure of my personal data; (iii) to restrict the processing of my personal data and the right to data portability ; (iv) to withdraw my consent to the processing of my personal data at any time; and (v) to lodge a complaint with the competent supervisory authority responsible for enforcing the rules on the protection of personal data. I confirm that before accepting the present note, I have received reading and explanation of its content, by another person and confirm that, insofar as I have provided **TOUTON GHANA** with personal data on one of my family members, I have been authorized to do so by the family member concerned. I accept that my consent to the present note, can be given by electronic way, and that, this electronic consent has the same legal value as my consent given by hand.

SENSITIZATION

TEXTE STATIQUE

Please take a moment to explain the dangers and impact of child labour and to promote child protection and education. **GOOD PARENTING** 1. Every parent is responsible for loving, protecting, training and disciplining their children. 2. Good parenting begins from inception. It is cheaper to get things right during early childhood than trying to fix it later. 3. Good parenting nurtures innovation and creative thinking in children. 4. Parenting a child is a one-time opportunity; there is no do-over. **CHILD PROTECTION** 1. Children's rights are all about the needs of a child, all the care and the protection a child must enjoy to guarantee his/her development and full growth. 2. Child labour is mentally, physically, socially, morally dangerous and detrimental to children's development. 3. Socialization of children must not be an excuse for exploitation or compromise their education. 4. Children are more likely to have occupational accidents because they are less experienced, less aware of the risks and means to prevent them. 5. Child labour can have tragic consequences at individual, family, community and national levels. **SAFE LABOUR PRACTICES** 1. Carefully read the instructions provided for the use of the chemical product before application. 2. Wear the appropriate protective clothing and footwear before setting off to the farm. 3. Wear protective clothing during spraying of agrochemical products, fertilizer application and pruning. 4. Threats, harassment, assault and deprivations of all kinds are all characteristics of forced labour. 5. Forced/compulsory labour is an affront to children's rights and development. 6. Promote safe labour practices in cocoa cultivation among adults.
